Florida Single Malt Whiskey

Our first Single Malt Whiskey is 100% Barley. The flavor profile is buttery and easy to drink. This first expression was barreled in new #3 char American Oak, so it has a bit of caramel and vanilla sweetness. We hand select barrels to blend into to this uniquely Florida whiskey. This whiskey is amazingly well balanced and easy to drink. To preserve the natural Florida flavors we bottle it at 90 Proof.

What is a Florida Single Malt Whiskey?

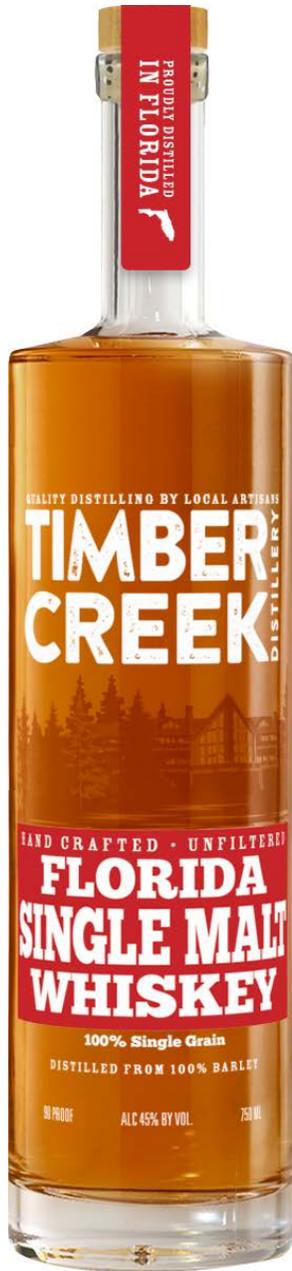

A Florida Single Malt Whiskey should represent the best that Florida has to offer, and therefore a Florida Single Malt Whiskey must have the following characteristics:

1. Distilled from 100% US-grown barley grains
2. Uses only Florida limestone spring water
3. Aged in the heat and humidity of Florida
4. Bottled unfiltered – to preserve the unique flavors

This combination of factors will produce a distinctly rich and uniquely Florida whiskey.

Timber Creek uses a proprietary distilling and blending technique we call PureBlend®. This process is an end to end process designed to optimize flavors from each individual grain or ingredient and then blends the flavors after aging to create unique, bold, balanced, and pure flavor profiles.

TIMBER CREEK DISTILLERY

HAND CRAFTED UNFILTERED
FLORIDA SINGLE MALT WHISKEY

We use the finest quality local ingredients.

AT TIMBER CREEK, WE SET THE STANDARD FOR FLORIDA WHISKEY.

Barley doesn't grow in Florida, so in order to be called a Florida Single Malt Whiskey, a distiller must use 100% natural Florida Limestone Spring water, 100% natural US-grown barley and age it in a barrel in the Florida heat and humidity. Our whiskey is unfiltered, to ensure each and every flavor remains intact. We use the best Florida spring water, pumped directly from the Florida Aquifer and we make our whiskey from 100% US-grown barley. By using the best US-grown grains and our pure Florida limestone spring water, we make a uniquely smooth and flavorful Florida Single Malt Whiskey that is truly the best of Florida. We are proud to be the first to make true Florida Single Malt Whiskey.
